Counseling • Education • Advocacy

Following are two lists, one of healthy relationship characteristics and one of unhealthy traits. Many relationships have a combination of both. The point of the exercise is to figure out what things in your relationship are healthy or unhealthy, so you can gain appreciation for the best things and decide what you want to change.

Is It Healthy?

Check this heart if you and this person...

- ♥ Both accept responsibility for your actions
- ♥ Both apologize when you're wrong
- ♥ Have equal decision-making power about what you do in your relationship

Following are some common signs that a person is or may turn out to be abusive to his or her intimate partner. Answering yes to one or two questions below does not necessarily mean a person is abusive.
